

Aohanga Incorporation CoM Profile – Charles Morunga

Charles Morunga

Over the last ten years I have managed and tutored a Marae Based Trades Training operation for 'at risk' Rangatahi, Ngā Kanohi Marae o Wairarapa.

My goal is to bring Rangatahi back to our Whenua, to learn firsthand how the Owāhanga Station operates, as a successful farming business and to re-connect with our Marae, Pāpāuma.

Succession planning is a big focus for me. I believe our future lies with our Tamariki, our Mokopuna who will be here long after we have moved on.

*E kitea ai ngā taonga o te moana, me mākū koe.
'If you seek the treasures of the ocean, you'd better get wet'*

With having reinstated the Taura position at the recent AGM, we have the ability to pass on the wealth of knowledge sitting around the table, Scott, our Farm Staff and our providers, have to offer.

Connection for our wider Whanau is a uniqueness, and opportunity, most other businesses do not have. We have our core operation in Farming, as well as our newly acquired Commercial property, our Marae and maybe a future in Hunting & fishing ventures.

We have this opportunity, let's not waste it.
