

Aohanga Incorporation CoM Profile – Robin Potangaroa

Robin Potangaroa
Chairperson

As the Chairperson of the Committee of Management of the Aohanga Incorporation I and my fellow Committee Members continue to work hard for our Shareholders.

In other Land Trusts which I represent, the journey is the same. How do we make these gifts handed down to us more viable and how do we attract Whanau back, to enjoy those benefits, left to us by our Tipuna?

We encourage Whanau to get involved and let us know what **your** vision is for Our Whenua, Our Marae, Our Incorporation.

Being able to identify more potential lucrative opportunities should be our aspiration for our future generations. I believe the opportunities available to us are endless.

We have been busy exploring other avenues to diversify our core business.

Our Tipuna Marae will be getting a much-needed facelift this year. As the Pāpāuma Marae Trustees our goal is to add a Kitchen/Ablution block so Whanau will be able to stay there, as well as our Marae Complex, Te Aroha o Aohanga.

Our new website will allow our Shareholders to share in the progress as we go forward. As we work on our website, we welcome your input on ways to improve the site.

I look forward to working with our Farm Manager, Scott and our hard-working staff on our farm, Owāhanga Station, my fellow Committee members, our service providers, of which there are many, and for you, the Proprietors of Owāhanga Station.

*Kei ōu ringaringa te ao,
The world is yours.*
