Distribution Policy

Distributions to Shareholders can be actioned in a variety of ways.

- Distributions may be made via:
 - Education Grants
 - Pāpāuma Marae Grants
 - Pāpāuma Marae Insurance cover
 - Sundry distributions / Discretionary one-off payments by CoM

Dividends are payments by the Aohanga Incorporation to its' Shareholders and are usually settled as soon as possible after confirmation of a dividend payment at an Annual General Meeting.

In accordance with Rule 2 of the Incorporation's Constitution, and thereby section 253 of Te Ture Whenua Maori Act 1993 ["Act"], the CoM shall determine the level of dividend to be paid each financial year.

Rule 6.2 of the Constitution provides for Shareholders to authorise by Resolution at an Annual General Meeting, the payment of a dividend pursuant to section 259 (1) of the Act.

The CoM have resolved to distribute on an annual basis to the Shareholders of Aohanga Incorporation, those funds deemed to be surplus to the Investment and Operating requirements of the Aohanga Incorporation. In setting the level of dividend each year, the CoM will consider several factors including.

Strategic & business plan

- Cash flow constraints - working capital & capital expenditure requirements

Contractual constraints

- Legal constraints

Tax considerations

- Return considerations

The Interests of Shareholders - Historical practice.

Past practises have seen dividend holidays introduced as a means of enabling business development strategies requiring intensive reinvestment. This required a robust business plan to be presented to Shareholders for approval.
